

INSULATED SCREWDRIVERS SET, 6 PIECES - SLOTTED + PHILLIPS® Réf.: 9129500101

Characteristics

The screwdrivers comply with standards NF ISO 8764 - NF ISO 2380 and EN 60900.
Conformity of the products and the manufacturing process to the standard is certified by the VDE-GS inspection body.

PERFORMANCE.

The steel used for the blades is alloyed with chromium, vanadium and molybdenum; they are machined and hardened to ensure precision and durability of the tips.

The ergonomic bi-material handle ensures power without fatigue.

The high-performance insulation of the blades is obtained by injection moulding.

ERGONOMICS.

Bi-material handle: Neoprene and polypropylene.

The hexagonal shape of the handle is naturally suited to the hand for fast, powerful screwing and unscrewing.

Thanks to this handle shape, the screwdriver won't roll when placed on a work surface.

SAFETY.

The screwdriver markings guarantee this quality: 1000 V AC and VDE-GS.

Tools for working with voltages of 1000 V AC and 1500 V DC.

The insulation of each screwdriver is tested to 10,000 V.
