

"SMALL" OPEN-END RATCHET Réf.: 9240010001

Characteristics

Through-head ratchet and associated sockets allow to reach the most inaccessible places: the threaded rods pass through sockets and ratchet and no longer impede clamping. Faster than pipe wrenches: the 5 ° recovery angle allows for quick tightening in tight spaces. 2 ratchets in 1. Thanks to its 2 adapters, the ratchet adapts to all traditional sockets. Made of chrome-vanadium steel, the best material for the manufacture of sockets and accessories. Hardness: from 44 to 48 HRC. Optimum hardness / longevity ratio.
